### **City Implemented Travel Recommendations**

The New Orleans Office of Inspector General today released a report on its Follow-up of a review of Travel and Business Expense Reimbursement and Credit Card Issuance and Use. The August 2010 report made 93 recommendations for City travel and credit card policies.

The Follow-up Review determined that the City had fully adopted 86 recommendations, and partially adopted 5 recommendations. Two recommendations did not require follow-up.

Inspector General Ed Quatrevaux said, "The City put the report's recommendations into effect and that will help prevent the problems that were previously identified."

The report is attached to this press release. Other reports issued by the Office of Inspector General can be viewed and downloaded from the website at <http://www.nolaoig.org>.
